

EE422C Project 3 (Word Ladder)Team Plan

Grant Guglielmo gg25488

Stephen Ma szm99

Fall 2016

Grant did the BFS and parse initially, then both worked together to finish BFS and to complete printLadder and also to debug BFS. Stephen did the DFS initially, then both sat down together and finished DFS then debugged DFS.

Grant's five Test Cases:

Simple 0-rung test: HELLO JELLO

Easy 1-rung BFS test: HELLO JELLY

Normal input test: SMART MONEY

No ladder exist test: MONEY ALOOF

No adjacent words test: ANGRY MONEY

Stephen's five Test Cases:

Simple 0-rung test: HELLO JELLO

Normal input test: SMART MONEY

Normal input test: BOOKS WRITE

Invalid input test: ASDFE QWERT

No ladder exists test: MONEY ALOOF

We spent approximately 6 hours together in the same room working collaboratively. When working separately we corresponded through texts.
